Entry Eligibility

For Organisations

All categories except Risk Professional of the year

There is no limit to the number of nomination entries or categories you may submit and enter.

The organizer assumes that all entries are original and have been granted official permission from the nominated organization. If a nomination is entered without such rights, the entrant will not be eligible for evaluation.

ASEAN Risk Awards is not liable for copyright infringement on the entrant's part.

The work and credentials submitted to the awards must have been in place for at least part of the 2025 calendar year.

The nomination form and supporting information will be the sole basis for the nomination.

Nomination entries are only accepted through the available online nomination form. All nominations received through any other format will not be considered

For Individual

Risk Professional of the Year Category

The candidate does not need to practice risk management full-time but must be a full-time employee of the organization for which they practice risk management.

The candidate may be nominated by anyone familiar with their work, such as a superior, a risk management staff, a colleague from another company, a broker, an insurer, and a service supplier.

We emphasize different achievements, innovation, and leadership in risk management, and seven categories are to be awarded in the ASEAN Risk Awards 2025.

★ Organization

Six categories will be awarded to organizations, namely, **ASEAN Risk Champion Award, ASEAN GRC Award, Risk Innovation & Technology Award, Public Initiatives Award, Risk Culture Award and ESRM Pioneer Award.**

★ Individual

We would also award an individual who can effectively communicate the importance of risk management within the enterprise structure. The individual category will still be present this year with the name **Risk Professional of The Year.**

This award recognizes the organization that has demonstrated an exceptional ability to implement enterprise risk management strategies that are proven to effectively address the complex challenges and opportunities arising in today's rapidly evolving business environment.

This award is given to the organization that shows marvelous capability in integrating governance, risks, and compliance (GRC) into business processes that are proven to break down silos, enable an organization to achieve objectives reliably, address uncertainty and act with integrity.

This award recognizes the organization that has contributed to the advancement of risk management knowledge and practice by utilizing or inventing new technology in finding new ways of its implementation in response to the changing contexts.

This award recognizes the organizations that have made significant contributions to improving the quality of life for communities while also demonstrating their commitment to responsible risk management.

This award is given to the organization that promotes an effective and efficient way to optimize the organizational learning process in building proactive and risk-based decision-making in every organization's individual.

This award recognizes organizations that have demonstrated exceptional proficiency in integrating environmental and social considerations into their risk management strategies. It involves implementing strategies and processes to minimize the likelihood and impact of risks while also taking into account the broader social and environmental context in which the organization operates.

This award recognizes an individual that shows great capability in building risk culture within the corporate structure, contributes to complex problem-solving by utilizing innovative approaches, and expresses outstanding leadership skills in helping organizations manage opportunities and threats.
